

Publications Order Form

Protected Crops (Edibles)

Are you aware of the publications that HDC have produced for you, which are FREE, to HDC members growing protected crops (edibles)? If not read on...

What we have produced so far!

We have produced a varied and valuable number of factsheets and publications, which you can order by ticking the box provided and returning this form to the address below.

The list is as follows:

<u>Factsheet</u>	<u>Title</u>
<input type="checkbox"/> 10/09	Energy management in protected cropping: Management of CO ₂ enrichment (PC 110a, 159, 188a, 265, 287 and Defra HH1318SPC, HH1333SPC, HH3611SPC)
<input type="checkbox"/> 09/09	Energy management in protected cropping: Horticultural lighting (PC 92, 92e, 128, 176, 270 and Defra HH3603SPC)
<input type="checkbox"/> 08/09	Energy management in protected cropping: The use of screens (PC 198, 198a, 227, 227a and Defra HH3611SPC)
<input type="checkbox"/> 07/09	Energy management in protected cropping: Humidity control (PC 121, 188, 207, 285 and Defra HH3611SPC)
<input type="checkbox"/> 06/09	Energy management in protected cropping: Manipulation of glasshouse temperature (PC 41, 41a, 49, 71c, 71d, 92, 92a, 155, 188a, 197, 206, 207, 227a and Defra HH1330SPC, HH3611SPC)
<input type="checkbox"/> 05/09	Energy management in protected cropping: Good Housekeeping (PC 198, 198a, 227, 278, and Defra ACO401, ACO407)
<input type="checkbox"/> 03/09	Biobeds for treatment of pesticide waste and washings
<input type="checkbox"/> 04/08	Energy saving in tomato production (PC 188, 188a, 198, 198a, 207, 227, 227a, 256, 265 and Defra ACO401, HH3611SPC)
<input type="checkbox"/> 09/06	Potato spindle tuber viroid in tomato and new viroid reports (PC 212)
<input type="checkbox"/> 29/05	Getting the best out of CO ₂ enrichment for cucumbers
<input type="checkbox"/> 23/05	Disease control in protected lettuce
<input type="checkbox"/> 12/05	Dithiocarbamate contamination of salad produce and the use of rubber gloves
<input type="checkbox"/> 07/05	Securing your water supply for the future
<input type="checkbox"/> 20/03	Pepino mosaic virus of tomato – new results on virus persistence and disinfection (PC 181)
<input type="checkbox"/> 15/01	Act now to control Verticillium wilt of tomatoes (PC 186)
<input type="checkbox"/> 11/01	New results on pepino mosaic of tomato (PC 181)

- 05/01** Glasshouse whitefly and leafhoppers in protected herbs: options for control within IPM programmes (PC 178)
- 25/00** Mealybugs on protected tomato crops (PC 161)
- 20/00** Tomatoes: effective use of pipe-rail boom sprayers (PC 136)
- 18/00** Optimising the use of abamectin in cucumber and tomato IPM programmes (PC 160)
- 12/00** Pepino mosaic, a new disease of tomatoes
- 08/00** Early seasons control of tomato leaf miner (PC 108)

Publications

- Lean manufacturing – Achieving efficient use of labour in protected edible crops (PC 257)
- Cucumber, tomato and pepper – Crop Walkers Guide
- Aphids commonly found in protected lettuce – Identification card (PC 132)
- Micro-Turbine CHP Units – Their application in protected horticulture
- Caterpillars commonly found in protected lettuce – Identification card
- Energy Newsletters

DVDs

- Creating champion employees
- Keeping it clean – assessing the risk of microbial contamination
- Health & safety in horticulture - an awareness DVD in ten languages (plus English)
- ‘Seize the opportunity’ A DVD-based programme aimed at increasing the awareness of the public procurement sector as a customer for UK growers

Computer Programs

- CO₂ Optimiser (includes guide) - programme for CO₂ enrichment for greenhouse tomatoes
(applicable to natural gas boilers or Combined Heat and Power (CHP) units)
- HDC Irrigation Calculator and factsheet - A graphical tool to improve irrigation water distribution

What would you like to see?

We would very much value your comments or ideas on what factsheet/publication topics you would like to see in the future.
